

School Directory Permission Form

Hampstead Academy has a School Directory for each family in our community. The directory is published for the convenience of students and their parents/guardians. The School Directory will be shared with you through email. Please complete this form to give permission for your child's name, phone number, and/or address to be released in the School Directory.

If you have more than one child at Hampstead Academy and the information is the same for all children, you only need to complete one form.

Thank you!
